Fifty-one landmark articles in medicine : the JAMA centennial series

ed. by Harriet S. Meyer, George D. Lundberg
Chicago : American Medical Association ,
c1985

xiv, 486 p. : ill. ; 28 cm.

"This book is a collection of articles published weekly in the Journal of the American Medical Association from July 3, 1983, through Aug. 10, 1984, as part of the journals centennial celebration. Each chapter consists of a landmark article that was originally published in the journal and a commentary prepared for the centennial series by a current author. The oldest article first appeared on Aug. 30, 1884, and the most recent on Aug. 5, 1968"--Pref. -- Includes bibliographies and index.

P

PACHTER, Henry M.

Paracelsus : magic into science

New York : Henry Schuman , c1951

x, 360 p., [12] p. of plates : ill., ports. ; 22 cm.

"Being the true history of the troubled life, adventures, doctrines, miraculous cures, and prophecies of the most renowned, widely traveled, very learned and pious gentleman, scholar, and most highly experienced and illustrious physicus, the Honorable Philippus Theophrastus Aureolus Bombastus ab Hohenheim, Eremita, called Paracelsus, doctor of both medicines and professor of theology, also adept of the Holy Cabbala and expert of the alchemical art, friend of the common man and defender of liberty. He cured patients whom ordinary doctors had abandoned for doomed, and he knew wonderful elixirs that restore youth to the old". -- Includes bibliographies (p. [341]-343) and index
